RADIOGRAPHIC EVALUATION OF PELVIC PHENOTYPE WITH RESPECT TO HIP DYSPLASIA

* The study must be repeated when the animal is 24 months of age or older to qualify for an OFA number.

_____ **EXCELLENT HIP JOINT CONFORMATION***
superior hip joint conformation as compared with other
individuals of the same breed and age

_____ **BORDERLINE HIP JOINT CONFORMATION**
marginal hip joint conformation of indeterminate status with
respect to hip dysplasia at this time – **Repeat study in six
months**

_____ **GOOD HIP JOINT CONFORMATION***
well formed hip joint conformation as compared with other
individuals of the same breed and age

_____ **MILD HIP DYSPLASIA**
radiographic evidence of minor dysplastic changes of the hip
joints

_____ **FAIR HIP JOINT CONFORMATION***
minor irregularities of the hip joint conformation as compared
with other individuals of the same breed and age

_____ **MODERATE HIP DYSPLASIA**
well defined radiographic evidence of dysplastic changes of
the hip joints

_____ **SEVERE HIP DYSPLASIA**
radiographic evidence of marked dysplastic changes of the
hip joints

Hip/Elbow Dysplasia Guarantee

In the unlikely event that a “High Country Kennels” dog is suspected of being severely dysplastic two years after purchase, and you would like to surgically correct the severely dysplastic dog with a hip or elbow surgery, we will help pay for the cost of surgery (not the tests or doctors visits leading up to the surgery) up to the price you paid for the puppy. If a severely dysplastic dog cannot be surgically corrected or you decide to not do hip or elbow surgery, take the following procedures:

- Notify us by telephone, email, or letter.
- Submit an x-ray to the Orthopedic Foundation for Animals, University of Missouri - Columbia, MO 65210. Also, send us a copy of original x-rays of the severely dysplastic dog to us.
- If the OFA finds the dog to be "Severely Dysplastic", then to qualify for a replacement:
- The letter must state that the animal has not been overfed for it's height/structure and has received regular check-ups and been on a regular vaccination and worming program.
- The original registration papers for the dog must be sent back to us.
- The dog must have been x-rayed for this condition after it's second birthday but before 2 years after purchase. Since the puppy is usually 8 weeks or older when purchased, this usually gives you an 8-week period or more to do the x-ray. (Sometimes an x-ray, taken before the dog is 2 years old, will not portray true results during growth spurts.)
- The dog must never have been used for breeding, not be overweight, and must still be with it's original owner.
- No replacement will be given if the dog has been over exercised during their growth period (until 2 years), which is running with or "jumping" the dog excessively.

After these qualifications have been met, you may choose a replacement pup (of equal quality) from any of our litters, subject to availability, paying the difference in price if you desire a more expensive puppy (as our prices do change occasionally). No cash refunds are given. No further or previous guarantees are implied either verbally, written, or otherwise stated.

We recommend that you take your puppy to your vet for a check-up within the first 10 days after receiving the pup. We, as the seller have already supplied the first puppy shot and at least one worming to your puppy.

Because of the variety and quality of dog foods available (and not all canine illnesses are covered by vaccination), we require that all "High Country Kennels" dogs be kept on "Nu Vet Plus Canine" and "Nu Joint Plus." These Nutritional Supplements are only available through breeder recommendation. You will be instructed concerning this when you take possession of your puppy. You are expected to have this on hand before you leave with your puppy. The order line phone number is: 1- 800-474-7044. Your order code is: 57220. The order line hours are 8 a.m. - 6 p.m. Pacific Time. "Nu Vet Labs" sends us a monthly report showing which "High Country Kennels" dogs are being supplemented with "Nu Vet Plus Canine" and "Nu Vet Joint Plus."

Note: This hip dysplasia guarantee will be considered null and void if you do not keep your pet on these supplements on a daily basis.

As the seller, I certify that this dog/puppy is free from illness and defects, and does not appear clinically ill from parasitic infestations. All information provided is true to the best of my knowledge.

Guarantee of Good Health

We hope that you will enjoy your puppy for years to come. We have taken steps to ensure that your new puppy is healthy. Your puppy has been selectively bred for excellent quality, health, soundness, intelligence, and good temperament.

If there is a congenital defect (not including hips which are genetic) within one year from birth, and it can be surgically corrected for less than the cost of replacement, we will pay the cost of surgery (not the tests or doctors visits leading up to the surgery) up to the price you paid for the puppy. A copy of Licensed Veterinarian invoice showing cost of surgery must be sent to us. This cost must not exceed the estimated cost of like surgery with licensed veterinarian of our choice plus 10%. A puppy with an umbilical hernia must be surgically repaired when spayed or neutered at no more than one year of age. We will pay up to \$100.00 for this minor repair. If a defect cannot be surgically corrected take the following procedures:

- The dog must be humanely put to sleep and a letter stating such, must be received by us from your Vet. (Understand, the pup would not live anyway in a serious illness.)
- The original registration papers must be sent to us.
- The dog must never have been used for breeding, and still be with it's original owner.
- The dog must be kept on a regular vaccination and worming schedule by a licensed veterinarian.
- Moderate daily exercise must be given to the dog with no excessive running or jumping.

After these qualifications have been met, you may choose a replacement pup (of equal quality) from any of our litters, subject to availability, paying the difference in price if you desire a more expensive puppy (as our prices do change occasionally). No cash refunds are given. No further or previous guarantees are implied either verbally, written, or otherwise stated.
